

Memorandum

Date: November 8, 2012

To: Honorable Chairman Joe A. Martinez
and Members, Board of County Commissioners

Agenda Item No. 8(F)(12)

From: Carlos A. Gimenez
Mayor

Subject: Requesting Authority to Exercise Option-to-Renew Periods Under Existing Competitively Bid Contracts that Would Bring the Cumulative Contract Value to More than \$1 Million

Recommendation

It is recommended that the Board of County Commissioners (Board) delegate to the County Mayor or County Mayor's designee the authority to exercise the Options-to-Renew (OTRs) set forth in this item. Ordinance #07-139 provides for committee review exemption.

Item No. 1 - Aerial Spraying for Mosquito Control: Seeks authority to exercise the final one-year OTR term to continue the mosquito control aerial spraying by the Public Works and Waste Management Department. The amount being requested for the last OTR term is **\$188,000**.

Item No. 2 – Voter Registration System: Seeks authority to exercise the second and third OTR terms for renewal of the maintenance and support services to the Voter Registration System. The total amount being requested for these two OTR terms is **\$1,000,000**.

Item No. 3 – Employee Wellness Center: Seeks authority to exercise the final OTR term for the operation and management of the wellness center at the Stephen P. Clark Center. The total amount being requested for the last OTR term is **\$215,000**.

Item No. 4 - Janitorial Services for WASD: Seeks authority to exercise the final OTR term for the purchase of janitorial services by the Water and Sewer Department. The total amount being requested for the last OTR term is **\$325,000**.

Item No. 5 – Janitorial Services for the Joseph Caleb Center: Seeks authority to exercise the final OTR term for the purchase of janitorial services for the Internal Services Department. The total amount being requested for the last OTR term is **\$225,000**.

Item No. 6 – Professional Training Pre-Qualification Pool: Seeks authority to exercise the fourth and fifth OTR terms to obtain professional training for County staff. The total amount being requested for the option terms is **\$648,000**.

Item No. 7 – Hauling of Bulk Material - Prequalification: Seeks authority to exercise the third and fourth OTR terms for the hauling of coarse aggregates, which include stone, sand, asphalt, and debris. The total amount being requested for the option terms is **\$1,000,000**.

Scope

The impact of the items in the accompanying OTR package is countywide in nature.

Fiscal Impact/Funding Source

The contract amounts and the department allocations represent the maximum spending authority based on estimated past usage. This action does not guarantee that the total contract amount/value will be expended by the departments. Funding will be expended only if departments' budgets can support the expenditure approved in their annual budget adopted by the Board.

Track Record/Monitor

There are no known performance issues with the vendors recommended for award. The departments' contract managers are reflected in the attached Items.

Delegated Authority

If this item is approved, the County Mayor or County Mayor's designee will have the authority to exercise the OTRs in accordance with the terms and conditions of the contracts listed in the accompanying package.

Due Diligence

Due diligence was conducted in accordance with the Internal Services Department's Procurement Guidelines to determine Contractor responsibility, including verifying corporate status and that there are no performance or compliance issues. The lists that were referenced include: convicted vendors, debarred vendors, delinquent contractors, suspended vendors, and federal excluded parties. There were no adverse findings relating to Contractor responsibility. This information is being provided pursuant to Resolution R-187-12.

Background

The competitively bid contracts listed in this item require approval to exercise the OTRs contained in the respective contracts that would, if exercised, bring the cumulative value of the contracts to over \$1 million. These contracts were awarded under the County Mayor or County Mayor's designee's delegated authority (\$1 million for competitive procurements) pursuant to Section 2-8.1(b) of the County Code and the Master Procurement Implementing Order (IO) 3-38. Some of the contracts in this package were awarded prior to the effective date of Ordinance 09-52, which requires obtaining Board authorization to award contracts where the renewal options would bring the cumulative value of the contracts to above \$1 million.

Prior to exercising any OTR periods, market research is conducted to ensure that continuing to purchase from the awarded vendors is in the best interest of the County. Market research includes competitive factors such as pricing, quality, product features, technology, and lead time. It may also include commercial factors such as environmental issues, other governmental entity practices, industry trends, support and capabilities. The OTRs for the contracts in this package will be executed if determined to be in the best interest of the County.

Item 1**Contract No.:** 7031-4/13-3**Contract Title:** Aerial Spraying for Mosquito Control

Initial Contract Term and September 1, 2008 through November 30,
OTRs Usage: 2012 \$ 999,000

OTR Requested for Approval Under This Item:

Fourth OTR and Estimated December 1, 2012 through November 30,
Usage: 2013 \$ 188,000
Cumulative Value: \$1,187,000

JUSTIFICATION

This contract is used by the Public Works and Waste Management Department, on an as-needed basis, for aerial insecticide spraying for the eradication or reduction of mosquito infestations. Aerial spraying is employed to effectively and efficiently treat approximately 350,000 acres of County land not easily accessed via vehicles. The requested allocation for the final renewal term is slightly lower than prior terms due to a reduction in anticipated usage. The contract pricing continues to be competitive, and it is within the County's best interest to renew the contract for the remaining option term.

Item 2**Contract No.:** EPP-RFP8248-1(5)**Contract Title:** Voter Registration System**Initial Contract Term and****OTRs Usage:** November 12, 2007 to December 31, 2012 \$1,533,000**OTRs Requested for Approval Under This Item:****Second OTR and Estimated****Usage:** January 1, 2013 to December 31, 2014 \$ 500,000**Third OTR and Estimated Usage:** January 1, 2015 to December 31, 2016 \$ 500,000**Cumulative Value:** \$2,533,000**JUSTIFICATION**

The Miami-Dade Elections Department (Elections) utilizes the Voter Registration System (System) to obtain accurate, up-to-date, statewide voter registration information. The contract was awarded to VR Systems, Inc. in 2007 through a full and open competitive Request for Proposals process for software licenses, implementation, configuration, training, and ongoing maintenance and support services. The System is required by Elections for all aspects of conducting Miami-Dade County and municipal elections. It functions as a database of all registered voters in the state, helps in determining voter eligibility for elections, assists in petition signature verification, and ensures the Department fulfills numerous statutory requirements by providing voter data to the Florida State Division of Elections. The scope of services was expanded in November 2011 to include a Geographic Information System (GIS) interface through which maps, districts, precinct boundaries and new precinct splits can be drawn, and voter residential address and demographic information can be imported into the GIS software. It is in the best interest of the County to approve the upcoming two OTR periods to ensure continuity of services and uninterrupted use of the System through the remainder of the contract.

Item 3**Contract No.:** EPP-RFP645-2(3)**Contract Title:** Employee Wellness Center Management Services**Initial Contract Term and****OTRs Usage:** January 5, 2009 to January 4, 2013 \$ 860,000**OTRs Requested for Approval Under This Item:****Third OTR and Estimated Usage:** January 5, 2013 to January 4, 2014 \$ 215,000**Cumulative Value:** \$1,075,000**JUSTIFICATION**

This contract provides for continuation of the management agreement for the Employee Wellness Center (Wellness Center). The Wellness Center, located in the Stephen P. Clark Center lobby, offers members the ability to exercise, receive various types of training classes, and basic fitness center services. Additionally, the County uses the contractor for special events to improve the health of County staff through health fairs and other promotional events.

Of the \$215,000 allocation proposed for the renewal period, the actual contract with TFC Partners, Inc. d/b/a New Fitness Concepts (NFC) will be \$156,000. As part of this OTR term, negotiations with NFC led to their agreeing to accept \$8,000 less in fees from the County, and, will instead use that \$8,000 to purchase additional card access controls and electronic gates on behalf of the County to better control access to the facility. The balance of \$59,000 is used as a reserve for any capital improvements and/or equipment replacements that may be necessary throughout the year, and to reimburse NFC for fees paid to instructors/trainers for various classes paid separately by members. Funding for the Wellness Center contract is generated entirely by member fees from the approximately 1,000 members, and is not subsidized by any County funding. This continues to be a popular amenity for County employees, and, the contractor continues to operate and manage the Center in a manner consistent with other comparable fitness centers. As such, it is recommended that the County exercise the remaining option-to-renew term.

\$ 325,000

Cumulative Value:

\$1,623,000

JUSTIFICATION

Approval is requested to exercise the remaining option-to-renew (OTR) period of this contract for purchase of janitorial services by the Miami-Dade Water and Sewer Department (WASD) for various WASD facilities. Approval of this OTR through November 2013 will provide continuity of services and an orderly transition of firms while the recently approved consolidated countywide janitorial contract is being rolled-out. Janitorial services will be consolidated and quoted amongst the pre-qualified firms in the new pool as existing contracts reach final expiration. The consolidation will improve contract management and oversight, while enhancing small and local business participation. The OTR period is slightly higher in cost compared to the prior terms due to living wage adjustments.

JUSTIFICATION

Approval is requested to exercise the remaining option-to-renew (OTR) period of this contract for purchase of janitorial services for Joseph Caleb Center by the Internal Services Department. Approval of this OTR through December 2013 will provide continuity of services and an orderly transition of firms while the recently approved consolidated countywide janitorial contract is being rolled-out. Countywide janitorial services will be consolidated and quoted amongst the pre-qualified firms in the pool as existing contracts reach final expiration. The consolidation will improve contract management and oversight, while enhancing small and local business participation. The cost of the proposed OTR term is the same as the current OTR term.

This contract provides the County with a prequalified pool of vendors to purchase professional training services for County staff. The Internal Services Department (ISD), Human Resources Division manages the contract on behalf of all County departments. Staff conducts spot market purchases on a periodic basis to obtain pricing specific for training engagements being requested by County departments. This pool provides the County with flexibility and access to a wide range of professional training ensuring open competition and awards made based on the lowest price.

Training is provided to County employees in various professional applications such as computer software, diversity training, management training, and web-based training. Approval is requested to exercise the two remaining option-to-renew periods to ensure access to this pool and continuity of services. Over the past year, the current allocation has not been sufficient to accommodate all training requests made by departments, and, given that departments reimburse ISD for use of this contract, it is requested to increase the allocation to ensure its availability as needed.

This pre-qualification contract is used by the Parks, Recreation and Open Spaces and Seaport departments for the hauling of coarse aggregates, which include stone, sand, asphalt, and debris. The Seaport's allocation increased significantly during the first option-to-renew (OTR) term due to unforeseen need to remove sub-grade contaminated fill material discovered during the Seaboard Marine Redevelopment project. The Seaboard Marine Redevelopment project includes various construction related improvements at the Port pursuant to the agreement between the County and Seaboard Marine, Ltd for expanded marine terminal operations. This pool provides the County with flexibility and access to various vendors ensuring open competition and awards made based on the lowest price. The cost of the proposed OTR terms are the same as the current OTR term.
